MEMORANDUM FOR HONORABLE ALLEN W. DULLES
Director
Central Intelligence Agency

The panel which has been organized to consider the psychological aspects of the "post-Summit" situation will meet next week at Quantico. At the Wednesday evening session of September 28, the panel plans to discuss the general outline of its final report. I believe you would find this an interesting and stimulating session, and I know the group would benefit if you could find the time to join us for dinner as well as the discussions which will follow immediately afterwards. Dinner will be served at 7:30 in the Harry Lee Hall at Quantico.

Enclosed is a copy of a memorandum which I have sent to your alternate on the Planning Coordination Group, which sets forth the entire list of papers to be discussed, as well as the schedule for the week.

MEMORANDUM FOR MR. FRANK WISNER
Central Intelligence Agency

In the aftermath of the Geneva Conference, a central issue confronting the United States of major psychological significance is what means and methods should be utilized to maintain the unity and strength of the Free World in the face of Soviet campaign to dissipate the fear and moral superiority which have thus far kept it together. After discussing the desirability of studying this problem with the President and the Secretary of State and other key officials, plans were made to form a panel of outstanding experts for this purpose.

An initial meeting of this panel was held in Washington on August 25, 26 and 27. Mr. MacArthur of State, Mr. Hollister of ICA, Mr. Amory of CIA, Mr. Washburn of USIA and Admiral Radford of JCS very helpfully gave up their time to bring to the panel members a realistic appraisal of the current situation in terms of their departmental and agency responsibilities.

The second meeting of the panel will be held at the Marine Corps Schools, Quantico, Virginia, beginning on Sunday evening, September 25 through Thursday, September 29. I am forwarding herewith for your information a list of panel members, as well as the list of initial papers which they will develop prior to this meeting. In addition, there is also enclosed a tentative schedule which indicates the sessions at which individual papers will be discussed. It might be mutually advantageous if appropriate officials in your respective departments and agencies could attend some of these sessions. I should like to invite not more than two such officials from each department to sit in on particular sessions of interest to them.

This schedule as of now is tentative, but we shall make every effort to adhere to it. Arrangements to attend the particular sessions can be made by calling Mrs. Mattison, Code 160, extension 252.

Meanwhile, I should like to invite you personally to join us at dinner at Quantico this Sunday evening at 6:30 P. M. in the Hunt Room of Waller Hall.
